## Data Management Solutions' (DMS)

### 2009 DMS Consultants Luncheon Held

#### **June 23, 2009 DMS Introduces GasPro to Energy Consultants**

Tuesday, June 23, 2009 was the date of this year's DMS Consultants Luncheon. The beautiful Houstonian Hotel in Midtown Houston was the setting for the luncheon. The guests enjoyed a wonderful lunch of filet mignon while they were introduced to DMS and learned about the history of GasPro ETRM gas management software and its benefits to the LDC and Marketing segment.

The event was hosted by DMS' Director of Marketing, John Fosdick and included presentations on the history of DMS and the GasPro ETRM software. Guest speaker, Patrick Reames, of CommodityPoint, a division of UtiliPoint International (<http://commodity-point.com/drupal/> ) introduced President and CEO of DMS, Frank Pena. After greeting all of the consultants Mr. Pena introduced the DMS Staff and gave an executive overview of GasPro ETRM, as well as recent compliance and risk enhancements of the system.

DMS staff, clients and partners all enjoyed the time to discuss advancements in technology, best practices, industry specific topics and more.

*See invitation on page 2.*

If you would like more information on this topic, or would like to **Schedule a Demonstration of the GasPro Software**, please contact **John Fosdick 713-854-2295** or [jfosdick@dms-houston.com](mailto:jfosdick@dms-houston.com).

DMS presents

# GasPro

The Complete and Proven ETTRM Gas Solution.

Mr. J. Frank Peña, President and CEO of DMS, will offer insights from his thirty-one years in the industry and give a review of the company's successful 16 year history as a provider of commercially supported ETTRM software solutions to a broad spectrum of industry participants in the North American Natural Gas markets. Mr. Peña will provide an overview demonstration of GasPro's features and benefits.

Introductory comments will be offered by Mr. Patrick Reames, Vice President TRM – CommodityPoint.

Please join us for lunch  
Tuesday, June 23 11:30 – 1:00
